After the wall had been rebuilt and I had set the doors in place, the gatekeepers, the musicians and the Levites were appointed.

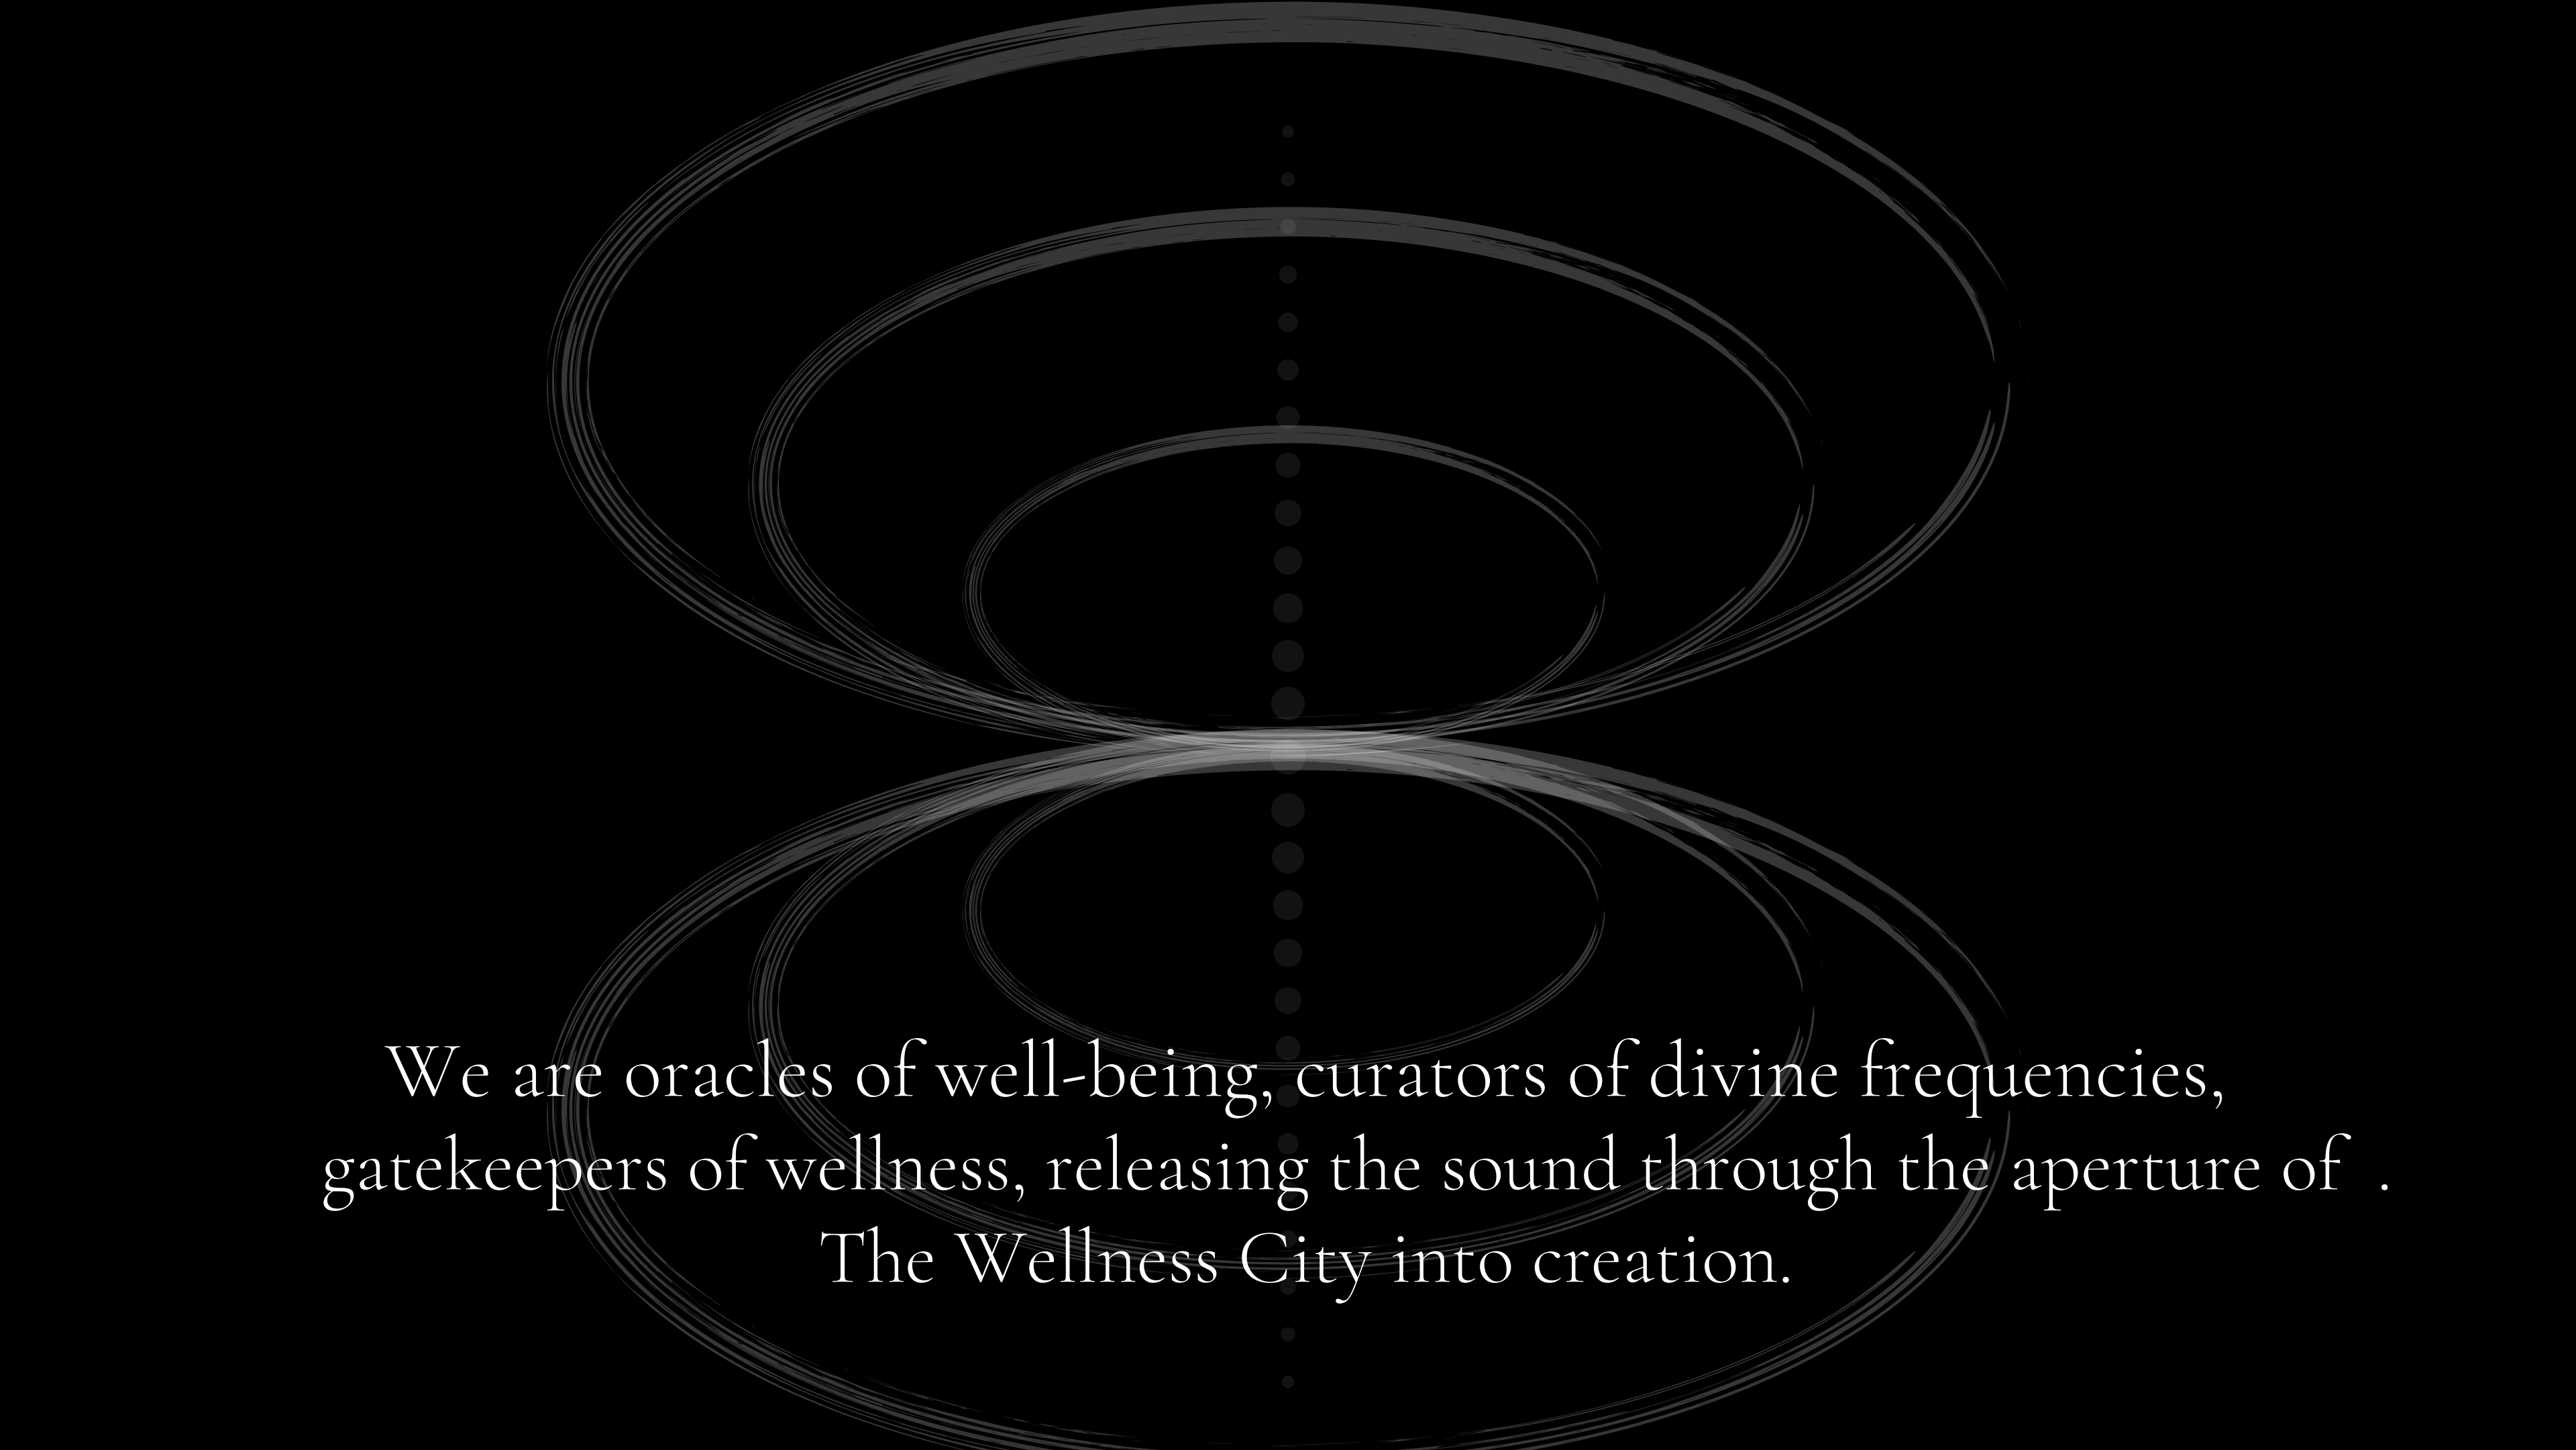

A Wellness City based on the Cherubic Structure of Heaven

- 24 Realms, 24 Elders -

Christ lives inside the city but in us as a Cherub.

He comes in as a lightning flash into us and our body, soul and spirit  
become a prism for the manifestation of the light that is Christ,  
which is you and I.

The background features a series of concentric, hand-drawn style ellipses in a light gray color, centered on a solid black background. A vertical line of small, light gray dots runs through the center of the ellipses, extending from the top to the bottom of the frame.

We are oracles of well-being, curators of divine frequencies,  
gatekeepers of wellness, releasing the sound through the aperture of .  
The Wellness City into creation.

# WE ARE TEAM

## WHAT WE DO

- Intentionally come together to stir the waters
- Create and form The Wellness City with our frequency and sound.
- Release the sound which hooks our eye into the before and bring it forth into creation.

The background is a deep blue gradient. In the upper half, there's a lighter blue sky with faint, wispy clouds. A thin, straight horizon line separates the sky from the water below. The water is a darker blue, with subtle, wavy patterns that suggest gentle ripples or small waves. The overall mood is calm and vast.

# There was evening and there was morning.
